TENDER SPECIFICATION NO:-TS-42/2017 for Operation & Minor Maintenance (Including Watch & Ward) Of 132 KV Substations UNHEL.

Sealed tenders are invited from reputed, Experienced and EPF Account Holder contractors for Operation & Minor Maintenance (including watch & ward) of 132 KV substation UNHEL:-

2. EMD REQUIREMENT: The EMD is to be submitted by Bidder in the prescribed form stipulated in the relevant clause in the tender. The Earnest Money amount required is **Rs.14, 000/-Only**.

3. QUALIFYING REQUIREMENT OF THE BIDDER:-

- 3.1. 'A-Class' Electrical Contractor License** - The firm/individual bidder should have 'A-Class' Electrical Contractor License issued by Chief Electrical Inspector of Govt. of MP in his own name/in the name of firm.
- 3.2. EPF A/c Number** - The firm/individual bidder should have an EPF A/c Number in his own name/in the name of firm issued by Regional Provident Fund Commissioner.
- 3.3. Goods and Service Tax (GST) Reg. Certificate** - The firm/individual bidder should possess a valid "GST" Registration Certificate in his own name/in the name of firm.
- 3.4. Income Tax Returns & PAN card** - Copies of Income Tax Returns for last three years & PAN card in the name of Firm/Contractor shall have to be submitted along with bid.
- 3.5. Labour License** - The firm/individual bidder should possess a valid Labour License issued by Labour Department, Gov. MP to engage labour in the business of man power supply as per "Contract Labour (Regulation & Abolition) Act-1970". In case the aforesaid license is not available an undertaking shall have to be given regarding making the same available within 15 days time on receipt of Work Order.
- 3.6.** In case of the firms they should employ one person possessing Degree in Electrical Eng. With at least 02 year experience or Diploma in Electrical Eng. With 05 year experience or ITI (Govt. Recognized) Certificate in Electrical Trade with 10 years experience in the Operation and Maintenance of EHV Calls (132KV or above voltage category) substation of MPSEB of MPPTCL of Govt./Public Undertaking power utility.
- 3.7.** In case of individual bidder, he himself should possess the qualification as above **(3.1 to 3.5)**
- 3.8.** The firm should have at least One year Experience in the Operation and Maintenance of EHV Class Substation of 132KV voltage or above 132KV voltage category with good performance report.

3.9. In any case, performance report of the tendered should be satisfactory in respect of all contracts.

3.10. Qualification & Experience (In case of the Firms or individual bidder/ New bidder) –

(a) In case of experienced firm/ individual bidder or new bidder, (participating for the first time having no past experience in their own name) all of them having no requisite qualification and experience (given hereunder) required to carry-out the entrusted job, may also offer for Operation & Maintenance work of Sub-stations subject to condition that, they will engage one “**Supervisor**” (the details of which be given in **Schedule-6**) for monitoring all Sub-stations having following educational qualification and experience:-

(i) Degree in Electrical Engineering with at least 2 years experience in the Operation & maintenance of EHV grade Sub-stations of erstwhile MPSEB/ MPPTCL or Govt./Public Undertaking-Power Utility. However, such bidder should have all other qualifying criteria as indicated in Para No. 3.1 to 3.8 above.

OR

(ii) Diploma in Electrical Engineering with 5 years experience in the Operation & maintenance of EHV grade Sub-stations of erstwhile MPSEB/ MPPTCL or Govt./ Public Undertaking-Power Utility. However, such bidder should have all other qualifying criteria as indicated in Para No. 3.1 to 3.8 above.

OR

(iii) ITI (Govt. Recognized) certificate in Electrical trade with 10 years experience in the Operation & maintenance of EHV grade Sub-stations of erstwhile MPSEB/ MPPTCL or Govt./ Public Undertaking-Power Utility. However, such bidder should have all other qualifying criteria as indicated in Para No. 3.1 to 3.8 above.

In case of experienced & qualified Contractors the Owner himself else his Supervisor will visit the substation once every month & shall have to prepare a joint report with Substation in-Charge.

(b) Apart from employing appropriate Supervisor (as indicated above), the contractor shall have to engage qualified & well experienced Shift Incharge and Shift Assistant, Security Guard etc. The details of qualification & experience of these workers is given in the Tender Document, therefore bidders are requested to go-through the Tender Document carefully.

3.1. Performance of the Bidder - For old bidders, “Performance Report” of the Bidder where he has executed similar type of job shall be observed & it should be “**Satisfactory**” in respect of all earlier and running contracts. The bidder shall have to submit details of experience alongwith documentary proof of satisfactory completion of work (Satisfactory Performance Report/ Work Completion Certificate).

3.2. Details of ongoing works - Bidders who have executed similar types of jobs in past shall have to give details of ongoing works in **Schedule-5**. New bidders who have no past experience shall have to specifically indicates about this in prescribed Schedule-5.

3.3. Order of preference for the Sub-station - The Substation, for which contractor will be awarded contracts for Operation & Maintenance (including Watch & Ward) work of EHV Substations, shall be decided considering his past performance and financial capacity on basis of Solvency Certificate submitted by them. Bidder shall invariably have to give their order of preference (in

Schedule-7) for the Sub-station (i.e. 1, 2, 3 and so on) for which they have submitted their bids. For example if a bidder submit offer for five Sub-stations but meets the financial criteria for three Sub-station, their price bid shall be considered for three Sub-station of their preference. In case the contractor fails to indicate the preference in his original offer, selection of Sub-station (for example say three Sub-stations) shall be at the sole discretion of the purchaser/tendering authority. In case the bidder raises any dispute in this regard, his bid will be liable for rejection.

- 3.4. Solvency Certificate** - All the bidders are required to furnish valid Solvency Certificate of Scheduled Bank in prescribed format (**Schedule-8**). Solvency shall be valid for a period of 3 months from the date of opening of tender. The firm should have valid solvency of **Rs. 2.00 Lakhs per substation** including ongoing similar works.

For Further Details, Please Visit Our Site www.mptransconic.in

- 3.5. PURCHASE/DAUNLOAD OF TENDER:** The tender documents may be purchased from the office of Superintending Engineer (T&C) MPPTCL, Nagda on payment of **Rs.500/-+GST Rs. 60/- + (Postal Charges of Rs. 150/-, if required by post)** payable by **DEMAND DRAFT/ BANKER'S CHEQUE drawn in favour of "R.A.O. MPPTCL, Indore"** payable at Indore. *The tender document is also available on MPPTCL's web site (www.mptransco.in) in a downloadable format. No fee for downloading of bid documents is required, however cost of Tender document mentioned above, i.e. Rs. 500/-, shall have to be compulsorily deposited by the Bidder, while submitting the bid.* The Tender Document cost shall have to be deposited while purchasing the document in physical form in the office of Superintending Engineer (T&C) MPPTCL, Nagda (in the stipulated instrument to be drawn in favour of "R.A.O. MPPTCL, Indore" payable at Indore) **OR** the same shall have to be submitted along with tender form (in case if tender document is downloaded) failing which the offer(s) received from them will not be opened/accepted and shall be summarily rejected.

SECTION-1

SPECIFICATION & SCOPE OF WORK

SPECIFICATION & SCOPE OF WORK

This specification covers the scope of works for Operation & minor Maintenance (including Watch & Ward) of EHV class Sub-stations, as per list enclosed. The details of work to be carried are as under:

1. OPERATION, MAINTAINING RECORDS & CHECKING:

- 1.1. Recording of panel meter readings at ½ **hourly** intervals and maintaining records in log book. The shift operator shall take specified reading at periodical intervals and record them in the log sheet like voltage load in Amps. Power Transformer's Temperature, tap positions, reading of 110V & 48V. Battery and battery chargers, SF6 gas pressure, Air Pressure of breaker and any other relevant data recording as specified by officers of Company from time to time.
- 1.2. Recording of reading of all the energy meters provided for the purpose of line loss/energy audit at 12.00 Hrs and 24.00 Hrs daily.
- 1.3. Recording of tripping of each breaker, relay indications, and other events occurred in the order of sequence correctly & neatly with time in hour and minutes in the log book.
- 1.4. Recording of all operations carried out daily, correctly, accurately & neatly in the log book with time in hour and minutes.
- 1.5. Recording of voltage, frequency and load in Amps of transformers & feeders at the **time of tripping** of transformer/ feeder.
- 1.6. Checking of the switch yard at regular intervals, recording & reporting of any unusual observations, defects, spark, loose bolts, nut etc. and informing the same to the concerned officer.
- 1.7. Checking and recording of the SF6 gas/air pressure, oil level of circuit breakers and leakages if any. In case of low pressure/leakages observed the same shall be reported to the Officer-in-Charge.
- 1.8. Checking & recording of oil level in the conservator, bushings and all other equipments provided with oil level indicators and also for oil leakages if any.
- 1.9. Checking & recording of usual internal noise. Any unusual sound in Power Transformer and leakage of oil if any may be intimated to concerned officer immediately.
- 1.10. Alarm bell test for annunciation at control board & trip circuit healthy may be checked in all panels.
- 1.11. Staff engaged by the contractor has to follow strictly the operating instructions given by the Officer-in-Charge to carry-out the operations like charging of circuit breakers (MOCB/ SF6/ VCB) and other equipments, renewal of fuses, issue of **permits**, shutdown/ line charging, **revision of relay settings etc.**
- 1.12. Staff shall have to observe all safety precautions and ensure safety of man, material and equipments during the contractual period. The major T&P & Safety appliances shall be provided by the Company. However, minor (T&P) required for day to day work shall be arranged by the Contractor.
- 1.13. Staff shall have to attend all emergencies that may arise during the contractual period, such as equipment failure, fire accidents and shall be responsible for all operations such as isolating the transformer and other equipment, use of fire extinguishers etc.
- 1.14. Staff shall have to attend all telephone calls and issue/ receive messages promptly and convey the same to concerned person / Officer-in-Charge. **The payment of telephone bills shall be made by the company and the amount of telephone bill will be deducted from the contractor's bill.**

1.15. Staff shall have to prepare daily reports in the prescribed proforma in duplicate and submit the same to the Officer-in-Charge. In addition to above, information in prescribed proforma on following points shall also be submitted to the concerned offices on regular basis:

- i. Energy consumption of 33 KV transformer incomers.
- ii. Energy input at EHV level.
- iii. Energy in MWH supplied to DISCOM at 33 KV level.
- iv. Tripping details.
- v. Energy handled at various voltage levels.
- vi. Feeder-wise monthly interruption & tripping statement.
- vii. Reactive energy supplied to DISCOM at 33 KV level.
- viii. Load flow data in transmission system.
- ix. M.I.S. regulation (information related to power system).

2. MAINTENANCE WORK:

2.1. Control Room:

Cleaning & sweeping of complete control room building, including toilets. The control room and its surrounding shall have to be kept clean by daily cleaning. Small flowering plants may be planted surrounding the control room to have better appearance. Providing potable drinking water daily.

2.2. Switch Yard:-

Cleaning Picking/Cutting of grass & vegetation growth by uprooting should be carried out on quarterly basis. Schedule for quarterly uprooting shall be given by concerned substation in charge if required to adjust as per taking over of substation and as per his convenience. **The uprooting work should be carried out continuously such that switch yard remains clean and no grass/vegetation growth be allowed throughout the contractual period.**

2.3. Checking of fuses in marshalling box of power transformers and distribution box of station transformer, renewal of fuses if required in consultation with Officer-in-Charge.

2.4. Checking the condition of silica gel and recording of the same in the log book, reactivation/replacement if required in consultation with officer in charge.

2.5. Checking & recording of radiator valves which should be in open position.

2.6. Checking healthiness of battery charger and cells of the battery set. Taking specific gravity, electrolyte level and cell voltage of pilot cell, DC earth leakage daily and all cell of battery set on weekly basis.

2.7. Watering of earth pits daily through available water source of Company.

2.8. Checking of the yards, lighting and replacement of defective bulb, tube-lights etc. The Contractor should maintain yard lighting and Control-Room lighting properly. Material such as Bulb, Tube-lights and other lighting fixtures etc shall be provided by the Company.

2.9. BATTERY SETS & BATTERY CHARGERS

2.9.1. Checking of battery surface joints and all connections, specific gravity and electrolyte level of the cells fortnightly.

2.9.2. The floating voltage of the charger across the battery should be noted at the charger end, as well as at the battery end and it should be ensured that the floating voltages is kept at 2.16 volt per cell stabilized within (+ / -) 1%.

2.9.3. The float charger has to be examined to check whether the same is working in 'Auto mode only which the (+ / -) 1% voltages stability across the battery can

be guaranteed. If the float charger manufacturers have to be called, to set right the float charger for ensuring it's working in Auto mode.

- 2.9.4. Electrolyte specific gravities of a few chosen cells, have to be taken every day. 50% of the cells of the battery bank can be used as pilot cells for daily specific gravity measurements.
- 2.9.5. The cell containers, stands, insulators, connectors, vent plugs, terminals etc have to be cleaned every day.
- 2.9.6. In order to ensure that the full battery is available across the DC load terminals, it is necessary to Switch-off the float charger, for one-minute duration every-day, at a specific time to note the battery discharging through the load of the bus bar. This will also ensure that battery is healthy and that there is no open circuit anyway here.

3. MANPOWER FOR OPERATION WORK:-

- 3.1.1 Contractor shall provide minimum two, ITI (Govt. Recognized) qualified and experienced personnel in each shift round the clock including holidays, for operation work. Out of two ITI persons one (**shift-in-charge**) should be ITI in electrical trade (2 year course) and the other (Assistant) in the Electrical/wireman trade i.e. contractor has to provide fifty percent or more strength of operators qualified in electrician trade (2 years course) in each shift duty, two operators qualified in wireman trade will never be allowed in one shift. Shift-in-charge shall be responsible for all operational, maintenance & Supervisory works and Assistant will assist to shift-in-charge and record the data in log sheet. The shift operators shall not leave Substation without a substitute deputed by Contractor. The contractor shall be responsible to ensure that proper arrangements of shift-In-charge and assistants for shift duties are made and at no time the s/s be left unattended. In case substation is found unattended (i.e. one of the operating staff of the contractor is present in the substation), then 20% of a monthly charge shall be recovered as penalty for each such instance and after 3 such instances contract may be terminated and SD shall be forfeited. The contractor's operating staff shall wear uniform (Grey paint, Grey shirt, black socks & black shoes) during duty hours compulsorily. Two sets of Torch, raincoat & Gumboots shall be available in the control room for outdoor operations, which shall be provided by the Contractor. During preventive maintenance work, contractor shall provide minimum two ITI (Govt. Recognized) qualified and two unskilled labor to carry out various maintenance works. The maintenance work shall be under close supervision of AE/Testing Supervisor.

WATCH & WARD (SECURITY)

- 3.1. Contractor shall be responsible for security of the equipments and other material kept within the Substation premises along with security of his own personnel. Security arrangement, by providing one uniformed guard in each shift of 8 hrs round the clock has to be ensured by the Contractor, for Company's material/ equipment. The contractor will have to engage Guards through Licensed Security Agency. The Security Guard should wear Grey Uniform (Grey Shirt & Black Pant) with Cap, Shoes, Name Plate, Identification Card & Mono displaying "Security". They should also have stick, Torch, whistle & Raincoat, during duty hours. Guards should be of minimum 10th pass, having age not below 18 years and not above 55 years.

The scope of duties of guard involves patrolling of the yard/ substation premises round the clock, checking/ watching/ visitors, incoming/outgoing staff and vehicles for un-authorized entry/exit of individuals and materials. A Visitor's Register has to be maintained by the guard as per format given by the substation in-charge and will produce it to him on demand as and when required. The guard will report to the concerned substation in-charge regarding security issues of substation as and when required. The guard should be well behaved, polite and should have clean habits and should not have any past criminal records. Persons engaged for the duty should

be in concurrence with the concerned Engineer-in-Charge of the substation. The guard should not leave duty without handing over the charge to his reliever as per shift duty chart (which should be got approved from substation-in-charge) or in absence a suitable substitute deputed by the contractor. If on checking any guard is found sleeping or non-vigilant on duty then action will be taken against contractor. If any theft / malpractice occurred in duty hours of guard then total cost of theft, damage/ loss to the company may be recovered from the Contractor. In case substation is found unattended (i.e. none of guards of the contractor is present in the substation), then 20% of a monthly charge shall be recovered as penalty for each such instance and after 3 such instances contract may be terminated and security deposit shall be forfeited. The employees engaged by contractor on Security, shall have to be properly insured as per law.

- 3.2.** Contractor shall be held responsible for any damage occurred due to mal-operation of equipment and shall make good the losses suffered by the Company.
- 3.3.** The persons deputed as shift In-charge and assistants shall be well conversant with the operation of Fire Fighting Equipments and the contractor shall keep the fire fighting system intact and utilize whenever it is necessary. The refilling of fire extinguishers will be done by the Company whenever necessary.
- 3.4** Operating personnel shall report to the concerned officer-In- charge the important occurrences, breakdown and defaults observed.
- 3.5** The contractor shall have to ensure that no unauthorized person enters the premises. The contractor shall be responsible for any unauthorized entry of persons or unlawful act within the substation premises.
- 3.6** The wireless and PLCC telephone communication system should entirely be utilized for Company work only. If, it is observed that the same has been used for any other purposes the recovery for such usage shall be made from the contractor. Any instructions / messages to the Substation shall be logged and followed strictly.
- 3.7** The help of available operating staff has to be given by Contractor as and when required for any type of maintenance work.
- 3.8** In case of Experienced Contractors, the Owner himself else his Supervisor will visit the substation once every 15 days & shall have to prepare a joint report with departmental employee posted at substation.

SECTION-2

GENERAL TERMS & CONDITIONS

Section-2

**GENERAL TERMS AND CONDITIONS OF CONTRACT FOR
OPERATION & MAINTENANCE (INCLUDING WATCH & WARD) OF 132 KV
SUB-STATION UNHEL**

1.1. Tender complete with all prescribed particulars, Schedules and Tender forms duly filled in, enclosed in sealed cover and addressed to the Superintending Engineer (T&C), M.P. Power Transmission Co. Ltd., Nagda shall be delivered in this office on or before the due date and within specified timings as per the tender notice.

1.2. The tender should be submitted in four envelopes as under:-

Envelope-1 : Earnest Money:

This should contain the following:

- i. Tender Cost, if tender is downloaded.
- ii. Earnest Money.
- iii. Tender form, duly signed (original/downloaded)
- iv. **Schedule-I** (Details of Earnest Money).

Envelope-2 : Qualifying Requirement:

This should contain the following:

- i. A copy of "A" class Electrical Contractor's Certificate issued by Govt. of M.P.
- ii. A copy of allotment of EPF Code No. issued by Regional Provident Fund Commissioner.
- iii. A copy of Service Tax registration certificate & PAN card in the name of Firm's/Contractor.
- iv. Details of experience along with documentary proof of satisfactory completion of work.
- v. Schedule-2(Schedule of qualifying requirement)
- vi. Schedule-5 (Details of ongoing works with the contractor).
- vii. Schedule-6 (Details of supervisors proposed to be engaged).
- viii. Solvency certificate, in the prescribed format (Schedule-7) issued by banker's.
- ix. Any other related information which bidder desires to furnish.

Envelope-3: Technical & commercial conditions:

This should contain the following:

- i. Required documents relating to techno-commercial details
- ii. Schedule-3 (Schedule of Questionnaire)

Envelope-4 : Price Bid:

The price bid (Schedule-4) shall be sealed & covered in separate envelop super scribed with "Schedule-4 price bid. The individual price bids shall be put in Envelope-4.

Each envelope shall be prominently super scribed "**Tender Specification No. TS-42/2017 for Operation and Maintenance (including watch & ward) of 132 KV S/S Unhel**" These envelopes may further be placed in a separate cover.

2. EARNEST MONEY

2.1 The bidders are required to submit EMD according to no. of sub stations offered. Therefore, they shall deposit the Earnest Money amount **Rs. 14,000/-**

2.2 The required earnest money in the proper form should be deposited by the bidders in a separate cover duly super scribed "**Earnest money**" **along with tender specification No. and due date.** The details of earnest money shall be indicated in **schedule-1** and be kept in the same **envelope-1** of earnest money (Part-I).

2.3 The earnest money can be deposited in one of the following forms only :

(a) By Bank Draft/Banker's cheque payable at Bhopal which shall be drawn in favour of Regional Accounts Officer MPPTCL, Indore.

OR

(b) The earnest money may also be deposited in the form of Bank Guarantee.

2.3.1 In case of Bank Guarantee, the same should be issued by any of the Nationalized/Scheduled Bank strictly as per company's (MPPTCL) proforma enclosed. The B.G. shall be valid for a period of at least 15 months which shall be extended suitably, if required by MPPTCL.

2.3.2 No offer will be accepted without Earnest Money Deposit. If on opening of tender, it is revealed that EMD amount is inadequate/any other discrepancy is noticed, the tender shall be rejected and returned to the bidder."

2.4 It may please be noted that in no case whatsoever the condition of submitting the earnest money will be waived or relaxed.

2.5 Tender covers will not be opened if on opening of the earnest money cover, it is revealed that the same is not furnished in proper form and in such cases, the tender covers will be returned un-opened.

2.6 If, Earnest money amount is not submitted or the earnest amount is inadequate than the required for corresponding value of the offer, the offer shall be summarily rejected and shall not be read out.

2.7 In case of non-receipt or delay in receipt of earnest money due to any reason or if the bidder fails to super scribe on the envelope containing the tender, the details of earnest money deposited by him, the Company shall not accept any responsibility and the offer received shall be rejected and returned to the bidder.

2.8. If the bidder obtains the earnest money, bank draft etc. prior to the due date but submits the same after the specified time his tender will not be eligible for consideration even if the earnest money, bank draft etc. has been delayed in post. The furnishing of bank draft No. & date will not be considered adequate. It will therefore be observed that both earnest money as-well-as tender should be submitted before the specified time, otherwise tender will not be considered.

2.9. The tender shall be valid for a period of **90 days** from the date of opening of price bids. The Company reserves the rights to forfeit the earnest money in case the tender is withdrawn after the opening date or in the event of refusal to accept the letter of intent placed by the Company within the validity period. The earnest money deposit (EMD) will be refunded to the unsuccessful bidders.

3.00 QUALIFYING REQUIREMENT:-

3.1 The firm/individual bidder should have „A-Class“ License issued by Chief Electrical Inspector of Govt. of MP in his own name/in the name of firm.

3.2 The firm/individual bidder should have an EPF Number in his own name/in the name of firm.

3.3 The firm/individual bidder should possess a valid service Tax number in his own name/in the name of firm.

3.4 Firm should have employed one person possessing Degree in Electrical Engg. with at least 2 years experience or Diploma in Electrical Engg. with 5 years experience or ITI (Govt. Recognized) Certificate in Electrical Trade with 10 years experience in the Operation and Maintenance of EHV class (132KV or above voltage category) substations of MPSEB or MPPTCL or Govt./Public Undertaking power utility.

3.5 In case of individual bidder, he himself should possess the qualifications as above (3.1 to 3.3).

3.6 The firm should have at least one year experience in the Operation and Maintenance of EHV Class Substation of 132KV voltage or above 132KV voltage category with good performance report.

3.7 In any case, Performance Report of the Tenderer should be satisfactory in respect of all earlier and running contract.

3.8 A contractor will be awarded contract for operation & maintenance work of EHV Substation, considering his past performance and financial capacity on basis of solvency certificate submitted by them, in the enclosed format.

3.9 *All the bidders are required to furnish valid Solvency certificate of their Scheduled bank in the prescribed format. Solvency shall not be more than 6 months earlier from the date of opening of tender. The firm should have valid solvency of Rs. 2.00 Lakh including ongoing similar works & a copy of income tax return for last three years.* While finalization of award of contract against this tender, due consideration would be given to financial capability of the bidder based on solvency certificate, as also contract(s) already awarded to the bidder and their execution status. The company reserves the right to ignore such offers having inadequate financial capacity or large unexecuted past contracts or where unjustified and substantial delay has already occurred in execution of past contract.

3.10.1 In respect of such contractors who are bidding first time and having no past experience in their own name, they may be offered Operation & maintenance work subject to condition that they will engage separate supervisor for each sub-station having educational qualification of Degree in Electrical Engg. with at least 2 years experience or Diploma in Electrical Engg. with five years experience or ITI (Govt. Recognized) certificate in Electrical trade with 10 years experience in the Operation & maintenance of EHV grade Sub-stations of MPSEB/MPPTCL or Govt./Public under taking power utility and provided they will not be/are not carrying out work in more than two substations in MPPTCL including offered substation in instant tender. However, bidder should have all other qualifying criteria as for the experienced bidder.

3.10.2 Bidders who have secured orders for the first time during this year and executing satisfactory work but have not yet completed contractual period as awarded to them, such bidders whose performance is satisfactory, so far, could be allowed for further order as per their financial capacity & EMD deposited.

3.11 While deciding award of contract against this tender apart from the prices quoted and compliance to terms and condition of the tender specifications, purchaser will also take in to account such factors as performance against earlier contracts in terms of quality of works done and adherence to prescribed time schedules. Offers of such contractors who have poor track record of performance in earlier contracts are liable to be rejected. The tender of such bidders who are not found to fulfill aforementioned qualifying requirement shall not be considered for price bid opening and evaluation of tender.

3.12.1 Bidders are required to quote rates for all the activities in prices schedule. The lowest offer shall be decided on the basis of total price of work i.e. total of all the activities. In case, rates of any of the items are not quoted by the bidder, MPPTCL reserves the right to make the price adjustment for missing items based on maximum price quoted for same item by other bidders or reasonable estimated cost if the cost of item is not available, for the sake of evaluation of the lowest (L-1, L-2....bidders) & minimum price quoted by any other bidders for same item or reasonable estimated cost if the same is not available for the sake of placing an order.

3.12.2 In case of arithmetic errors if any, committed by the bidders in their price bids (Schedule 4), the MPPTCL reserves the right to correct it in following manner: - a) If any error is committed in the total amount due to calculation in any of the individual item, consequently causing the error in Subtotals/Grand total. The error at its origin will be corrected first and then Sub Total & Grand Total will be corrected accordingly to the end in that order. The rates quoted by the bidders will not be changed in any case. b) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetical error, in which case the amount in figures shall prevail subject to (a) above. c) The correction made above will be binding on the bidders and deemed to be accepted by him. d) In case of any ambiguity in the quoted rates MPPTCL, may interpret to its benefit. MPPTCL, also reserves its right to correct as given above or to reject such ambiguous/absurd offers without giving any reasons whatsoever.

4. TENDER PROCEDURE:-

4.1 The offers shall be submitted in following four separate envelopes. These four envelopes shall further be placed in a separate cover. The offer shall be opened in following manner:- **Part - I Earnest Money** (Envelope-1) It shall contain Tender cost, EMD, **Schedule-1**, Tender form (in original/downloaded form) duly signed. It shall invariably include related information on EMD as sought in the specification. **Part - II (i) Qualifying Requirements** (Envelope-2): This part shall comprise all the documents relating to qualifying requirements and **schedule-2, schedule-5, Schedule-6(if required) & schedule 7**. It shall invariably include related information as sought in the specification. **(ii) Technical & commercial conditions** (Envelope-3) It shall contain **Schedule-3** and related information: **Part - III Price Bid** (Envelope-4): This part shall comprise of the "Schedule of Rate" **Schedule-4** and any other relevant information that the bidder may deem fit and may affect the financial commitment.

4.2 The Part-I & II of the tender shall be opened on due date as indicated in the tender notice in the chronological order. If Part-I "Earnest Money" is found satisfactory, Part-II "Qualifying Requirements" and "Technical & Commercial conditions" of the tender shall be opened. The Part-III "Price Bid" of such of the tenderers as found technically acceptable and who accept all our commercial terms & conditions as per tender, shall be opened on the date & time which shall be intimated to all the

participants separately. Price bid of the tenderers who do not qualify minimum qualifying requirements as per clause-3 and terms & conditions of specification shall be returned un-opened. The discretion in this respect shall entirely be with the Company and binding on all the bidders.

4.3 While submitting the tender it shall be ensured that the “**Schedule-4** of Quoted Rates” is strictly in the prescribed form. The bidders shall use the original/downloaded form of schedule supplied with the tender specification. In any case the original/downloaded tender form should be filled in and submitted. The tender should be complete with all schedules attached to the tender specification. Any changes in the format of tender form & schedules are not acceptable otherwise, the tender will be liable for rejection.

4.4 In case the date of opening of the tender is declared a holiday, the tender will be received and opened on the following working day at the specified timings.

4.5 The bidder or his authorized representative (having documentary evidence for such representation) may be present at the time of opening of the bids if they desire so.

4.6 The price paid for buying the tender specification shall not be refunded under any circumstances whatsoever.

4.7 The tenders of those bidders, who have neither purchased tender document nor submitted tender cost, shall not be considered.

4.8 Corrections/ changes made in the offer (bid) by the bidder shall bear the initials of the person signing the tender.

5. MODIFICATION & WITHDRAWAL OF BIDS:

5.1. Under no circumstances, the bidders are allowed to modify their prices once their price offer is submitted. Further, no discount letter would be accepted after submission of price offer.

5.2. No bid may be withdrawn in the intervening period between the dead line for submission of bids and the expiry period of bid validity specified. Withdrawal of bid during this period shall result in the forfeiture of bidder’s Earnest Money besides the other punitive action as deemed fit.

6. RATES:

6.1. In “**Price Schedule**” **Schedule-4**, Part-A, the Labour cost {Min. wages, EPF & ESIC (if applicable) on wages at prevailing rates} for various categories involved for complete scope of work for respective Sub-station have been indicated. The Labour charges indicated in **Part-A** of **Schedule-4** is based on minimum wages declared by Labour Commissioner Govt. MP as on Dtd. **01.04.2017** for various categories. The breakup of labour cost has been indicated as per **Annexure-I**. The cost mentioned in this part shall be revised on revision of the minimum wages by Labour Department Govt. of MP from time to time.

6.2. The bidders are required to quote their rates for **Service Charges only in the Part-B** of respective “**Price Schedule**” **Schedule-4** in percentage. The percentage to be quoted by the bidder should be up to one decimal digit. Any other digit will not be considered. The amount quoted by the bidder being a percentage of labour cost will also vary in accordance with variation in minimum labour cost during the currency of the contract.

6.3. The Service Charges shall include all the expenditures other than labour cost viz. insurance under Workman’s Compensation Act, Pradhan Mantri Jeevan Jyoti Yojna & Pradhan Mantri Bima Suraksha Yojna etc., various incidentals, overheads, administrative and supervision charges/ expenses etc. involved in the bidding and execution of the work as per scope of the tender, obtaining Insurance of his employees, for obtaining all required licenses/ permissions/ registration from appropriate Govt for executing the contract and charges and also the profit of the contractor. The total sum of Part-A (Labour cost, variable) and Part-B (Service Charges, variable) of **Schedule-4** shall be payable to the L-1 bidder after successful award of contract. For obtaining the payment of total labour cost indicated in Part-A of the price schedule, the successful bidder shall have to submit proofs/ evidences regarding the payment made by him for the items covered in the Part-A of price schedule (viz. payment of monthly minimum wages, EPF & ESIC wherever applicable). Compliance of ESIC rule is mandatory if applicable to the area. After revision of the minimum wages the labour cost and Service Charges shall be revised accordingly on the basis of revised minimum wages and as per calculation in Annexure-I.

7. DATE OF RECEIPT & OPENING OF TENDER:

7.1. Tender along with earnest money comprising Part-I, II & III kept in big envelope super-scribed with tender no. & details in all envelopes etc. shall reach to the O/o SE (T&C), MPPTCL, Nagda on or before **11.10.2017** (due date of submission of tender) up to **2.30 P.M.**

7.2. It is the responsibility of the bidders to ensure that the tender complete in all respect alongwith the earnest money are delivered in the above office before the specified time. Any bid received after the due date of submission prescribed in Tender-Notice due to any reason whatsoever including postal delay shall be rejected and returned unopened to the Bidder.

7.3. Part- I & II of the tender shall be opened in the O/o SE (T&C), MPPTCL, Nagda on **11.10.2017** (due date of opening of tender) at **03.00 P.M.**

7.4. The Part-III "Price Bid" of such of the Bidders as found technically acceptable and who accept all our commercial terms & conditions as per tender, shall be opened on a date & time which shall be intimated to all the participants separately.

8. EVALUATION :

8.1. The evaluation of lowest bidder will be done on the basis of the total sum of Part-A (Labour cost, variable) and Part-B (Service Charges, variable) of Schedule-4.

8.2. In case of arithmetic errors if any, committed by the bidders in their price bids (Schedule 4), the MPPTCL reserves the right to correct it in following manner: -

8.2.1 If any error is committed in the total amount due to calculation in any of the individual item, consequently causing the error in Sub-totals/ Grand total, the error at its origin will be corrected first and then Sub Total & Grand Total will be corrected accordingly to the end in that order. The rates quoted by the bidders will not be changed in any case.

8.2.2 If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetical error, in which case the amount in figures shall prevail subject to (8.2.1) above.

8.2.3 The correction made above will be binding on the bidders and deemed to be accepted by him.

8.2.4 In case of any ambiguity in the quoted rates MPPTCL, may interpret to its benefit. MPPTCL, also reserves its right to correct as given above or to reject such ambiguous/absurd offers without giving any reasons whatsoever.

8.3. Methodology to decide successful bidder in case of "TIE" rates - In case it is found that there are more than one L-1 bidder for one or more than one work/substation, then selection of bidder shall be made as per the following methodology in sequential way:

Option (i) Taking discount percentage from all L-1 bidders in sealed envelopes. However, the final percentage arrived after discount shall in no case be less than the minimum percentage specified in the tender. **Option (ii)** If no result is found in adopting Option (i), then by allotment on the basis of mutual consent. **Option (iii)** If no result is found in adopting Option (i) and (ii), then by following Lottery System ensuring equitable distribution of the work. (The bidder selected once in the lottery system or otherwise shall not be given the opportunity for securing more works till all other L-1 bidders are given atleast one work. Further, if number of works are more than the no. of bidders in tie, 2nd chance & so on will be given to them only after allotting one work to each bidder), **Option (iv)** Any other alternate depending upon the circumstance. The decision in this regard will be taken by MPPTCL as per circumstances encountered at the time of finalization of tender.

7.0 SUB-LETTING OF CONTRACT: The work under the contract may not be sublet. The contractor shall not assign or sub-let his contract or any substantial part thereof to other agency.

8.0 NEGLIGENCE: If the contractor shall neglect to execute the work with due diligence and expedition or shall refuse or neglect to comply with any reasonable orders given to him in writing by

the Engineer in connection with the work or shall contravene the provisions of the contract, the Company may give ten days notice in writing to improve the performance. Should the contractor fail to comply with the notice within a reasonable time from the date of service thereof in the case of a failure, neglect, or contravention capable of being made good within that time, or otherwise within such time as may be reasonably necessary for making it good, then and in such case the Company shall be at liberty to employ other workmen and forthwith perform such work as the contractor may have neglected to or if the Company shall think fit, it shall be lawful for him to take the work wholly, or in part, out of contractor's hands and re-contract at a reasonable price with any other persons for the purpose of completing the work or any part thereof and in that event the Company shall without being responsible to the contractor shall be entitled to retain the balance which may be otherwise due on the contract by him to the contractor or such part thereof as may be necessary, to the payment of the cost of executing such work as aforesaid. In case work is not performed by the contractor to the satisfaction of engineer-in-charge, contract may be terminated & may take action as per Clause-19(Section-2) & clause-24 (Section-2).

9.0 DEATH BANKRUPTCY etc.

If the contractor shall die or commit any act of bankruptcy or being a corporation, commerce to be wound-up for reconstruction purposes or carry on its business under a receiver, the executors, successors, or representatives in law of the estate of the contractor any such receiver, liquidator or any person in whom the contract may become vested, shall forthwith give notice thereof in writing to the Company and shall for one month during which he shall take all responsible steps to prevent a stoppage of the works have to option of carrying out the contract subject to his or their providing such guarantee as may be required by the Company but not exceeding the value of the work for the time being remaining unexecuted. In the event of stoppage of the works provided that should the above option not been exercised, the contract may be terminated by the Company by notice in writing to the contractor and the power and provisions reserved to the Company on the taking over of the work out of the contractor's hands shall immediately become operative.

10. INSPECTION: The Engineer and his duly authorized representatives shall have at all reasonable times access to the works and shall have the power at all reasonable times, to inspect and examine the performance and workmanship of the work during execution. The Engineer shall on giving ten days notice in writing to the contractor setting out any grounds of objection which he may have in respect of the work or workmanship connected with such work, which in his opinion are not in accordance with the contract.

11. ENGINEER'S DECISION: In respect of all matters which are let to the decision of the Engineer including the granting of or with-holding of certificates, the Engineer shall, if required so to do by the contractor, give in writing decision thereon and his reasons for such decision. All decisions of the Engineer shall be subject to the right of arbitration reserved by these general conditions.

12. CONTRACTOR'S REPRESENTATIVE AND WORKMEN: The contractor may employ his competent representative(s), whose name(s) shall have previously been communicated in writing to the Engineer by the contractor, to supervise and carrying out the work. Any written order or instructions which the Engineer or his duly authorized representative whose name shall have been previously communicated in writing to the contractor, may give to the said representative of the contractor shall be deemed to have been given to the contractor. The Engineer shall be at liberty to object to any representative or person employed by the contractor in the execution of or otherwise about the works who shall misconduct himself or be incompetent or negligent and the contractor shall remove the person so objected upon receipt from the Engineer of notice in writing required him so to do and shall provide in his place a competent representative at the contractor's expense.

13. LIABILITY FOR ACCIDENTS AND DAMAGES: The contractor shall be entirely responsible for all loss, damage or depreciation of sub-station equipment/any other material etc. caused due to their negligence until the sub-station is taken over by the company.

The contractor shall, during the execution of the work, properly protect the substation from injury which also include theft and shall take every reasonable, proper, timely, and useful precaution against accident or injury to the same from any cause and shall be and remain answerable and liable for all accidents or injury to the same from any cause and shall be and remain answerable and liable for all accidents or injuries thereto which until the same be or be deemed to be taken over under clause of this specification may arise or be occasioned by the acts or omission of the contractor or his workmen and

all losses and damages to the substation arising from such accidents and injuries as aforesaid shall be made good in the most complete and substantial manner by and at the sole cost of the contractor and to the reasonable satisfaction of the Engineer.

Until the contract shall be or be deemed to be taken over as aforesaid, the contractor shall also be liable to indemnify the Company in respect of all damage or injury to any person or to any property of the Company or of others occasioned by the negligence of the contractor or workmen or by defective work but not otherwise. Provided that the contractor shall not be liable under the contract for any loss or profit or loss of contract or any claims made against the Company not already provided for in the contract, nor for any damage or injury caused by or arising from the acts of the Company or due to circumstances over which the contractor has no control, nor shall his total liability for loss, damage or injury exceed the total value of the contract.

The contractor shall be deemed to have indemnified and saved harmless the Company against all actions, suits, claims, demands, cost or expenses arising in connection with injuries suffered prior to the date when the plan shall have been taken over under clause of this specification herein by persons employed by the contractor on the works whether under the General Law or under the Workmen's Compensation Act, 1923 or any other statute in force at the date of the contract dealing with the question of the liability of employers for injuries suffered by employees and to have taken steps properly to insure against any claim there under.

On the occurrence of an accident which results in the death of any of the workmen employees by the contractor or which is so serious as to be likely to result in the death of any such workmen, the contractor shall within 24 hours of the happening of such accident intimate in writing to the concerned Engineer of the Electricity Company the fact of such accident. The contractor shall indemnify the Company against all loss or damage sustained by the Company resulting directly or indirectly from his failure to give intimation in the manner aforesaid including the penalties or fines if any payable by the Company as a consequence of Company's failure to give notice under the Workmen's Compensation Act or otherwise to confirm to the provisions of the said Act in regard to such accident.

In the event of any claim being made or action brought against the Company involving the contractor and arising out of the matters referred to and in respect of which the contractor is liable, under this clause, the contractor shall be immediately notified thereof and he shall, with the assistance of the Company if he require so, at the sole expense of the contractor, conduct all negotiations for the sole settlement of the same or of any litigation that may arise there from. In such case the Company shall at the expense of the contractor, afford all available assistance for any such purpose.

14. DEDUCTIONS FROM CONTRACT PRICE:

All costs, damages or expenses which the Company may have paid for which under the contract the contractor is liable may be deducted by the Company from any money due or becoming due by him to the contractor under the contract or may be recovered by action at law or otherwise from the contractor as an arrear of land revenue.

15. CERTIFICATE OF ENGINEER:

Every application to the Engineer for a certificate must be accompanied by a detailed invoice (in duplicate) setting forth in the order of the schedule of prices, particulars of the work executed and the certificate as to such work is reasonable in the opinion of the Engineer in accordance with the contract, shall be issued within seven days if possible or within such time of the application for the same as is reasonably necessary for communication with the site. The Engineer may by any certificate, make any correction or modification in any previous certificate which shall have been issued by him and payments shall be regulated and adjusted accordingly.

16. RESPONSIBILITY OF CONTRACTOR:

The contractor shall be responsible for carrying out the works covered under the scope of the contract according to the specifications/order. For example all the work of operation & maintenance should be done accordingly as per approved norms. Deviations, if any, from the approved/specified conditions shall be brought to the notice of the CE (T&C), MPPTCL; Jabalpur his decision shall be final and communicated through site Engineer. If at a later date, it is found that the contractor has carried out some work, not according to the specifications and without taking specific approval then in that case, all the payments made to the contractor for carrying out such works shall be recovered.

17. REGULATIONS OF LOCAL AUTHORITIES:

The Company shall through-out the continuance of the contract and in respect of all matters arising in the performance thereof serve all notices and obtain consents, approvals and permissions required in connection with the regulations and byelaws of the local or other authority which shall be applicable to the works. All works shall be executed in accordance with the Indian Electricity Rules 1956 and any statutory modifications thereof, wherever they are applicable, unless otherwise agreed to in writing by the Engineer. The contractor shall possess or obtain a valid working license from the concerned State Electricity Authority/Inspectors for carrying out the operation & maintenance work in the region before commencing the work.

18. ABANDONMENT OF CONTRACT:

Abandonment of responsibilities accepted by the contractor under this contract without prior notice is strictly prohibited. Such act shall be treated as endangering the security of M.P. Power Supply System and shall be dealt with in accordance with appropriate laws. If, for whatsoever reasons, contractor wishes to discontinue the Operation & Maintenance of the substation given to him, he must give a 30 (thirty) days notice to the Engineer-in-charge conveying his intention. Engineer-in-charge within 21 (twenty one) days of receipt of such notice shall inform the contractor of acceptance or otherwise of his notice. The contractor only after receipt of acceptance of notice shall discontinue Operation and Maintenance of the substation from the date of expiry of notice period. In such case action as per tender clause no.19, Section-2 shall be taken.

19. TERMINATION OF CONTRACT:

In the event of breach of any of the terms of the order by the contractor, the MPPTCL reserves the right to:-

- a. Cancel the contract without any liability on MPPTCL's side by giving 10 days notice to the contractor.
- b. Forfeit the security deposit i.e. 10% of the value of contract.
- c. Penalty equal to one month charge shall be recovered.
- d. MPPTCL will reserve the right to complete the balance unexecuted portion of the contract through some other agency or departmentally at the cost and risk of the contractor.
- e. In the event of contract terminated on the basis of un-satisfactory performance, firm may also be debarred for a period of minimum 3 years from the future business in the MPPTCL.

20. ARBITRATION :

If at any time any question, dispute or difference whatsoever shall arise between the purchaser/ Company the engineer and the contractor upon or in relation to, or in connection with the contract, either party may forthwith give to the other notice in writing of the existence of such question, dispute or difference and the same shall be referred to the adjudication to the CE (T&C) MPPTCL or to any other person nominated by him on his behalf and his decision in writing shall be final and binding on the contractor / Engineer and conclusive. This submission shall be deemed to be a submission to arbitration within the meaning of the Indian Arbitration Act, 1940 or any statutory modification thereof. Upon every or any such reference, the cost of an incidental to the reference and award respectively shall be in the discretion of the arbitrator who may determine the amount thereof, or direct the same to be taxed as between solicitor and client or as between party and shall direct by whom and in what manner the same shall be borne and paid.

Work under the contract shall be continued by the contractor during the arbitration proceedings unless otherwise directed in writing by the purchaser or the engineer or unless the matter is such that the work cannot possibly be continued until the decision of the arbitrator is obtained and except as those which are otherwise expressly provided in the contract no payment due or payable by the purchaser shall be withheld on account of such arbitration proceeding unless it is the subject matter or one of the subject matter thereof.

In case of any dispute the law applicable shall be the law in force in India.

21. PAYMENT:-

100% payment shall be made generally within **30 days** on receipt of monthly bill complete in all respect, in triplicate from the contractor duly verified/certified by Engineer-In-charge of substation, after completion of work. Please note that no interest charges shall be admissible on account of delayed payment, if any.

22. Taxes & Duties:-

22.1 The deduction of income tax as per statutory requirement of this contract shall be made from monthly bills.

22.2 GST shall be payable extra, at prevailing rates & rules, if claimed separately in the bill. The GST registration no. shall have to be printed on the invoice/bill.

23. DISPUTES:-

a) **Operating** staff engaged by the contractor shall **not** have any legal right for engaging them in regular establishment of MPSEB/ MPPTCL during the contract or on expiry of contract. Further, such Operating Personnel engaged by the contractor shall also have no right for counting of their services for any purpose, rendered by them against specific contract.

b) Contractor will have to execute an indemnity bond on Non-Judicial Stamp Paper of `500/- undertaking thereby to indemnify in case of any loss to the Company resulting from their fault.

c) Any disputes or differences arising out of this agreement shall be decided by Courts situated in the district where concerned T&C circle H.Q. is located. No suit or other legal proceedings shall be instituted elsewhere.

24 RATES:

The rates quoted by the bidders should be FIRM during the contractual period. Price variation shall not be applicable on any account including addition/ alteration of equipments and bays.

25 PERFORMANCE:-

The Officer in-charge will issue a notice to the Contractor specifying the various areas wherein performance of the Contractor has been found to be un-satisfactory and the Contractor will have to ensure that explanation to the notice is furnished within one weeks of receipt of the same along with supporting documents to substantiate his explanation. In case explanation is not found to be tenable, then, after issue of first notice and receipt of explanation, 25% of the charges for that particular month will be deducted as penalty.

Even after first instance of irregularity if one more instance is noticed by the Officer In-charge, he will again issue a notice to the Contractor indicating areas, where performance of the Contractor has not been found to be satisfactory and in this case also the Contractor will have to furnish his explanation along with supporting documents within one week"s time.

In case explanation furnished by the Contractor is not found to be tenable, then he will be liable for imposition of 2nd penalty to the extent of deduction of 50% on his monthly charges. In case of 2nd warning, MPPTCL, on receipt of explanation from the Contractor reserves the right to get the reasons for non-performance as also reasons furnished by the Contractor, examined by a Committee of three Senior Officers.

After second warning while 50% monthly charges shall be deducted, it may be noted explicitly that incase a third instance of non-performance comes to the notice of the management, MPPTCL reserves the right to terminate the contract.

26. RIGHT TO REJECT OFFERS:-

Company reserves the right to reject any tender or all the bids received, without assigning any reasons what-so-ever.

27. Company, reserves the right to award the contract as it deems fit. The bidders should offer rate in the schedule-4 enclosed.

28. CONTRACT AGREEMENT, SECURITY DEPOSIT & INDEMNITY BOND:-

28.1 A formal agreement shall be entered on non judicial stamp paper of value as per Govt. rule affixing revenue stamp worth Rs. 1/- between the contractor and M.P.P.T.C.L. within **10 days from the date of intimation, given by engineer-in-charge to take over the substation**, for the due performance and observance of the terms and conditions of the contract for the entire contractual period.

28.2 The successful bidders should furnish security deposit **within 10 days from the date of intimation given by engineer-in-charge to taken over the substation @ 10%** of the value of contract in the form of pay order or demand draft or banker cheque drawn in favour of Regional Account Officer MPPTCL Indore. However, EMD deposited by the Successful Contractor along with Tender shall be adjusted in the SD. The security deposit shall be returned to the successful tenderer only after expiry of contractual period on faithful performance of the terms/condition of the order, after verifying the liabilities on satisfactory completion of contract and verification of deposition of EPF with concerned EPF authority and if there is no claim for recovery against the contractor. No interest will be payable on the security deposit.

28.3 The Earnest money amount of unsuccessful contractor deposited along with tender shall be release after confirmation of completion of contractual formalities by successful Contractor. No interest will be payable on the Earnest Money deposit.

28.4 The successful bidder will also submit an indemnity bond towards the safe custody of substation premises including various equipments, material, building etc. The proforma of indemnity bond would be furnished on acceptance of tender.

28.5 If successful tenderer fails to enter in to formal agreement and fails to deposit required security deposit within stipulated period, the company shall have the option to the cancel contract and forfeit the earnest money deposit and may take action to debar the bidder from the future business in MPPTCL.

28.6 The contractor shall die or commit any act of bankruptcy or commence to wind up or carry on its business under receiver, the executors, successors or other representative in-law of the Estate of the contractor or any such receiver, liquidator or any person in whom the contract may become vested, shall forthwith give notice thereof in writing to M.P.P.T.C.L. and shall, for one month, during which he shall take responsible steps to prevent stoppage of the works, have the option for carrying out the contract subject to his or their providing such guarantee as may be required by M.P.P.T.C.L. but not exceeding the value of the work for the time being remaining un-executed.

29. COMMENCEMENT, CONTRACTUAL PERIOD & EXTENSION ORDER:-

29.1 The contractual period shall be of **03 months** w.e.f. the date of taken over of the sub-station premises by the contractor after completing all contractual formalities as mentioned above. The date of taken over of s/s shall be intimated by Engineer-in-charge. Contractors are bound to takeover the s/s on or before the date given by Engineer-in-charge.

29.2 If considered necessary, we may place extension order on the basis of satisfactory performance of the contract, on mutual agreement basis for further period of 1½ months, on the same, terms & conditions.

30. INSURANCE :

30.1. The contractor shall, at all times during the tenure of this contract at his own expense, shall arrange insurance of the employees engaged by him from any of IRDA approved General Insurance Companies against, all liabilities under the Workmans Compensation Act in case of death or bodily injury, payable to any worker and damage to property of the third persons. In addition the contractor shall ensure his employees for additional Insurance under “**Pradhan Mantri Jeevan Suraksha Yojna**” & “**Pradhan Mantri Jeevan Jyoti Yojna**”. Apart from this, insurance under ESIC is also mandatory if applicable to the area.

30.2. During the continuance of this contract, the contractor shall pay all premium and sums of money necessary for keeping this policy on foot and deliver to the company the receipt of such payment within seven days after the same shall have become due.

31. IMPLEMENTATION OF EMPLOYEE’S PROVIDENT FUND AND MISCELLANEOUS PROVISION ACT 1952 -

The provisions on Employees Provident Fund & Miscellaneous Provisions Act- 1952 are applicable in respect of employees engaged by the contractor. The following instructions are to be followed for statutory compliance of proper implementation of the EPF Act :-

31.1. Every employee shall have to be enrolled for the membership of Employees, Provident Fund in accordance of the provisions of “Employee Provident Fund” and Misc. Provision Act. 1952 with all the amendments as may be enacted by the Provident Fund Commissioner from time to time. It is mandatory for the contractor to get allotted unique ID & passwords to each employees engaged by him on the work as per recent guidelines of EPF organization in this regard.

31.2. The contractor shall be responsible for deduction towards E.P.F. contribution from workers and remittance to E.P.F. authorities together with an equal amount contributed by him and its deposition with the concerned authority along with his share. The prescribed yearly format duly verified/ accepted by EPF authority shall be submitted to the Engineer-in-Charge for confirmation of deposit of EPF share

of individual labour engaged by the contractor with concerned authority. Otherwise the security deposit will not be released.

31.3. The contractor shall be responsible for payment of wages to each worker employed by him/her as a contract labour in accordance with the provisions of the law. The payment of minimum wages to the staff employed by the contractor shall be made by him on monthly basis till first week of next month for preceding month positively, failing which the same shall be taken for evaluation of performance.

32. SUBMISSION OF DOCUMENTS ALONGWITH BILLS BY THE CONTRACTOR:

32.1. The contractor shall submit bills on monthly basis timely i.e.in first week of following month positively. It is mandatory on the part of contractor to furnish the following documents to the concerned EE (Testing) Division alongwith his first bill, who will verify the same and pass the same for payment:

32.1.1 List of employees (giving name and qualification) engaged by the contractor. **32.1.2** Attendance sheet of staff on duty during the month, verified by authorized representative of EE. **32.1.3** A copy of insurance policy covering all liabilities under the Workman"s Compensation Act and if applicable ESIC payment and registration in ESIC showing the name of each employee. **32.1.4** Proof showing enrollment/registration of each employee in Pradhan Mantri Bima Suraksha Yojna & Pradhan Mantri Jeevan Jyoti Yojna. In case the Banker of the concerned employee declines to issue aforesaid insurance scheme then concerned EE may grant exemption from submission of this document on the basis of letter from bank/ undertaking from the contractor. In such case the concerned E.E. will have to make separate correspondence with the Bank for issuing aforesaid insurances to the employees. E.E will have to ensure that other insurances as required as per contract have been taken

32.2. With first bill, the contractor is not required to submit any proofs/documents other than mentioned above, while for subsequent bills following documents in addition to proofs/ documents mentioned above (if felt necessary by EE) would be required mandatorily.

32.2.1 Details of payment made to the staff and Proof (copy of Bank Account Statement of each employee) showing receipt of payment at the prevailing minimum wages for preceding month.

32.2.2 Documentary evidence of remittance of employees and self EPF contribution to EPF authority on monthly basis. The contractor shall submit photocopy of the Bank challan if deposited through bank (showing payment of EPF for preceding months in respect of all the employees made by him to EPF authorities as per. EPF Act) with monthly bill. However, original challan shall be submitted to concern Executive Engineer for verification. The concerned Executive Engineer shall verify photocopy with original and put a Mark as verified on the original challan accordingly along with signature/seal and return the same to the contractor. In addition to this, copy of ECR showing payment of EPF contribution for previous month may also be submitted to the Division office along with the bill.

32.3. The last and final bill should accompany all the proofs/ documents as indicated above. The contractor will have to make the payment to staff on prevailing minimum wages while the bills shall be passed on the basis of order rates however, he may claim the difference subsequently after revision of the order.

33. PENALTY

33.1. In case of absence of any deployed employee, the contractor shall make arrangement of equivalent substitute for such absence period with concurrence of concerned EE (Testing). In case of failure to arrange suitable substitute, a penalty @ Rs. 200/- per shift per employee shall be imposed in addition to deduction of minimum wages for such period. If any employee is not found suitable for the work, the contractor will have to replace the employee with suitable one, agreeable to concerned EE (Testing). In case of failure to depute suitable replacement, the work may not be carried out through such unsuitable employee and penalty/deduction shall be imposed/affected as discussed earlier.

33.2. In case substation is found unattended (i.e. none of the operating staff of the contractor is present in the substation), then 20% of a monthly charge shall be recovered as penalty for each such instance and after 3 such instances contract may be terminated and security deposit shall be forfeited.

33.3. In case substation is found unattended (i.e. none of guards of the contractor is present in the substation), then 20% of a monthly charge shall be recovered as penalty for each such instance and after 3 such instances contract may be terminated and security deposit shall be forfeited.

34. DUTY HOURS & WEEKLY OFF:

The hours of work for the labourer/staff employed by the contractor shall be normally 8 hours (shift Hrs.) Each employee shall be allowed one weekly off as per “Shift Rota” therefore it is the responsibility of the contractor to arrange for reliever timely. The daily and weekly hours of work and over-time work will be regulated in accordance with the provisions of the Minimum Wages Act, 1948 or any other similar law in force as amended up to date. Normally no staff will be allowed to work for more than 8 hrs, however, under special circumstances, the Engineer-in-Charge may allow for extended working hrs.

SECTION-3

SPECIAL TERMS & CONDITIONS

Section-3**SECIAL TERMS AND CONDITIONS**

1.1 The employee to be engaged by the contractor for operation & maintenance work to be personally introduced to the EE, to know his overall fitness and competence for the job and to verify documents. In case of any doubt in respect of the person, EE may ask the contractor to arrange police verification report. The persons approved by the EE will not be changed without permission of EE i.e. the removal/ deployment of persons will be done with consent of the EE. The authorization chart of staff engaged by the contractor for duty is to be displayed in the control room duly approved by EE & signed by contractor & his staff.

The contractor will have to engage adequate no. of qualified & experienced staff/security guards as per tender specification for the work of operation & maintenance/ for the work of ward and watch commensurate with the technical nature and quantum of work. If staff employed at any stage is not found qualified, approved & adequate and that the contractor has not taken due action to employ the required staff in-spite of notice given to him in writing by the EE, the later shall have power to recover from any payment due to the contractor by way of penalty a sum equal to the estimated salary of the staff so less employed. The contractor's operating staff shall wear uniform during duty hours compulsorily.

1.2 The hours of work for the labourer/staff employed by the contractor shall confirm to the hours fixed as per Factory Act. The daily and weekly hours of work and over- time work will be regulated in accordance with the provisions of the minimum wages act, 1948 or any other similar law in force as amended up to date. Normally no staff will be allowed to work for more than 8 hrs, however, under special circumstances, the engineer in-charge may allow for extended working hrs.

1.3 Every employee shall have to be enrolled for the membership of Employees, Provident Fund in accordance of the provisions of "Employee provident fund" and Misc. provision Act. 1952 with all the amendments as may be enacted by the Provident Fund Commissioner from time to time.

1.4 The contractor shall be responsible for deduction towards E.P.F. contribution from workers and remittance to E.P.F. authorities together with an equal amount contributed by him and its deposition with the concerned authority along with his share. The prescribed yearly format duly verified/ accepted by EPF authority shall be submitted to the Engineer-in-charge for confirmation of deposit of EPF share of individual labour engaged by the contractor with concerned authority. Otherwise the security deposit will not be released.

1.5 The contractor shall be responsible for payment of wages to each worker employed by him as contract labour, in accordance with the provisions of the law.

1.6 The payment of minimum wages has to be ensured by contractor **through Cheque/DD** in the presence of authorized representative of the principal employer or by credit to workers bank account only. In case payment is credited to workers bank account, necessary evidence shall be submitted by the contractor.

1.7 Cash payment is not permitted. In case of default, action as per Law may be taken against the contractor.

1.8 In case the contractor fails to make payment of wages/ remittance of E.P.F. contribution in accordance with the provisions of the law, the Principal employer shall be liable to make payment of wages full or the unpaid balance due, as the case may be for the contract labour employed by the contractor, to the E.P.F. Commissioner authorities and recover the amount so paid from the contractor either by deduction from any amount payable to the contractor, under any contract or as a debt payable by the contractor.

1.9 The Contractor shall obtain necessary license and competency certificate from the electrical inspectorate to handle the sub-station equipment to the workers employed by him.

1.10 The contractor shall, at all times during the tenure of this contract at his own expense shall arrange insurance of the employees engage with any of the IRDA approved General Insurance Companies against, all liabilities under the workman's compensation act in case of death or bodily injury payable to any worker and damage to property of the third persons. Similarly, Contractor shall ensure insurance of all the employees in Pradhan Mantri Jeevan Surkasha Bima Yojna (PMJSY) & Pradhan Mantri Jeevan Jyoti Yojana (PMJJY) schemes.

1.11 During the continuance of this contract, the contractor shall pay all premium and sums of money necessary for keeping this policy on foot and deliver to the Company the receipt of such payment within seven days after the same shall have become due.

1.12 In every case in which by virtue of the provision of section 12, subsection (i) of the Workmen's Compensation Act 1923 the Company is obliged to pay compensation to workmen employed by the contractor in execution of the works, the Company will recover from the contractor the amount of the compensation so paid and without prejudice to the right of the Company under section 12 subsection (ii) of the said Act, the Company shall be at liberty to recover such amount or any part thereof by deducting it from the deposit or from any sum due by the Company to the contractor whether this contract or otherwise. Company shall not be bound to context any claim made against it under section 12, subsection (i) of the said act, except on the written request of the contractor and upon his having given to the Company fully security for all costs for which the Company might become liable in consequence of contesting such claim.

1.13 At the time of taking over of the EHV substation by the contractor, a list of each and every equipment, spares & fixtures etc. will be prepared jointly by the contractor and engineer-in-charge of Company and same shall be signed by both the parties. The date of commencement of contract shall be reckoned from date of handing over of EHV substation.

1.14 The EHV equipments and control room building having been handed over to contractor and other things connected there with shall remain at the risk and sole charge of the contractor till completion of contract period and till completion certificate has been obtained from engineer in-charge. Until such delivery of the EHV substation, the contractor shall at his own cost take all precautions necessary to keep all the equipments, material, building and other things connected there with from any loss or damage and in the event of the same or any part there of being lost or damage, he shall forthwith reinstate and make good such loss or damage at his own cost.

1.15 On the breach of any terms and condition of this contract or failure in implementing the statutory rules and regulations by the contractor the Company shall be entitled to forfeit the security deposit or the balance thereof that may at the time be remaining and to realize and retain the same as damages and compensation for the said breach but without prejudice to the right of the Company to recover any further sum as damages from any sums due or which may become due to the contractor by Company or otherwise howsoever.

1.16 No child labour should be employed by the Contractor.

1.17 The Company reserves the right to award this work to alternate agency in case of failure to complete the works in time at the risk and cost of the contractor and in such cases, the expenditure shall be recovered from the Contractor. The Contractor shall be able to take up any emergency work entrusted by the Company at short notice at any time of the day.

1.18 The Contractor shall not issue any "Line Clear Permit" without consent of the Companies officials. However, the shift personnel should give "Line Clear Permit" with consent of MPPTCL officer in the proper format whenever it is requisitioned by proper authority duly following all precautions for isolating the circuit such as tripping of the Breaker and opening of the Isolator and earthing of terminal equipments etc.

1.19 The period of the Contract shall be of **6 months** from the date of handing over of site. The Company will have right to terminate the Contract without assigning any reasons to the Contractor by giving 10 days notice without any liability on MPPTCLs side.

1.20 The concerned Superintending Engineer will be final authority for deciding disputes, if any, arising out of the contract between the Company and the Contractor.

1.21 All works in substation under or in course of execution or executed in pursuance of the contract shall at all time be open to the inspection of the SE/EE/AE and his subordinates.

1.22 The materials like transformer oil, silica gel, SF6 Gas will be supplied by the Company without any extra cost. Available furniture will be issued to the Contractor without any extra cost.

1.23 Transport of staff will be arranged by the Contractor at his cost.

1.24 Printed stationery such as Log Sheet permit book etc. will be provided by the Company. Unprinted stationery will have to be arranged by the Contractor.

1.25 In case of any theft Contractor shall lodge the complaint with Police Department. However, contractor should make good the loss to Company in any case. He will be responsible for pursuance

with Police Department as the case may be. However suitable assistance will be provided by the Company.

1.26 Control room building or any part of substation will not be allowed to contractor's staff for accommodation purpose. If found so, 10% of a monthly charge may be recovered for each such default. However, allotment of residential quarters (if available) on minimum requirement basis, may be considered by MPPTCL, on payment of license fee and/or rental charges, other charges as per prevailing rules & electricity charges as per actual.

Price Schedule-4

SCHEDULE OF RATE FOR OPERATION & MINOR MAINTENANCE
(including watch & ward) of, S.E. (T&C) Circle Nagda.
(Price Bid)

PART-A- MONTHLY VARIABLE LABOUR COST

Labour Cost Payable per month Based On Minimum Wages w.e.f. 01.04.2017
(As per Labour Commissioner Indore letter No.6/11/AV/V/2015/10542-10741dtd.01.04.2017)

S.N.	Name of Activity	Particulars	Monthly Rate in Rs.
1	Operation & Maintenance	Labour Charges for providing Shift Assistant (Skilled category 2 each in all the 3 shifts) for 182.5 mandays per month (on an average per month, arrived on pro-rata basis of yearly man days i.e. 2190 / 12) including salary of reliever for one no. S/s (@360/- per man day) = 182.5 x Rs. 360 per day = Rs. 65700 (+) EPF @ 13.36% + ESIC @ 4.75%	77598.27
2	Watch & Ward	Labour Charges for providing Un-armed security guards (Un-skilled category one each in all the 3 shifts) for 91.25 mandays per month (on an average per month, arrived on pro-rata basis of yearly man days i.e. 1095 / 12) including salary of reliever for one no. S/s (@274/- per man day) = 91.25 x Rs. 274 per day = Rs. 25002.50 (+) EPF @ 13.36% + ESIC @ 4.75%	29530.45
		Total Labour cost (in Rs.)	107128.72

Note: The above charges are including EPF & ESIC charges at prevailing rates.

PART-B- MONTHLY VARIABLE SERVICE CHARGES TO BE QUOTED BY THE BIDDER

S.N.	Particulars	Total monthly amount of Part-A	Percentage above amount in column 3 in one digit of decimal	Amount in Rs.
1	2	3	4	5(3X4)
1	Variable Monthly Service charges for providing Manpower	107128.72	-----% (in numbers) _____	

Note- 1. The Service Charges to be quoted by the bidders, should not be less than 5% of the amount mentioned in Column (3) as above, otherwise bid will be rejected. Further same can be quoted up-to one decimal place only 2. Please note that percentage quoted in the second digit of decimal will not be taken in to consideration. Accordingly if one bidder quotes say 5.11% and another bidder quotes 5.19% then both bidders will be considered to have quoted 5.1% and will be treated as equal for the purpose of comparison and also award of contract. 3. Service Tax extra at prevailing rates on A and B.

NOTE - The monthly Labour Charges have been arrived on pro-rata basis by dividing yearly Labour Charges with 12 months for indicating the same in "Part-A" (i.e. Monthly Labour Cost), on which bidders may quote their rates for "Service Charges" (on percentage basis of Part-A) in the Part-B. However payment for labour charges & service charges shall be made to the contractor after successful execution of work as per actual for the man-days falling in the particular month as indicated in the above table.

Emp. Seal & Sigh.
